Andrei Romashkov

Software Developer

Barcelona, Spain | +34 634 844 125 | camomilesson@gmail.com
andrei-romashkov.vercel.app | LinkedIn | github.com/camomilesson

PROFILE

Software developer and Computer Science student building web, Android, and AI applications. Bring 13+ years of experience in journalism, editorial leadership, and technology communications. Legally authorized to work in Spain.

TECHNICAL SKILLS

Languages: Python, TypeScript, Kotlin, SQL, C#

Web & mobile: React, Vite, Supabase/PostgreSQL, FastAPI, Jetpack Compose, Room, Unity

AI & tooling: LangChain, LangGraph, XGBoost, MLflow, DVC, Git, pytest, GitHub Actions

SELECTED PROJECTS

Conjugadora | Solo developer | React, TypeScript, Supabase

- Built a deployed Spanish conjugation app with configurable practice, Google sign-in, saved progress, and history.
- Separated practice logic and a versioned verb catalogue from the UI; used PostgreSQL row-level security and atomic updates for account data.

Hic Sunt Dracones | Solo developer | Kotlin, Compose, H3, Room

- Built an Android exploration app that reveals visited streets through a fog-of-war map, with foreground location tracking.
- Stored exploration as H3 cells and merged boundaries for map rendering, with cached geometry and viewport filtering.

Editorial Team | Team lead | Python, LangChain, LangGraph, SQLite

- Led a team course project building a Telegram writing assistant; migrated custom orchestration to LangChain/LangGraph in 24 hours.
- Implemented persistent draft state, conversation-scoped hybrid retrieval, and agent evaluations with MLflow traces.

Also: 2048 Cats - Unity/C# game with an engine-independent core; Steam Price Modeling - XGBoost pricing experiment with a FastAPI serving layer.

EDUCATION

Harbour.Space Institute of Technology - B.Sc. Computer Science

Barcelona | Sep 2025-Present | Expected graduation: 2027 | **GPA: 3.9/4.0**

Higher School of Economics - Economics Studies | Moscow | 2008-2011

PROFESSIONAL EXPERIENCE

Yandex - Senior Tech Editor | Remote | Jul 2025-Present

- Produce English-language content on AI research, software engineering, and digital products in collaboration with technical teams.

Business FM - Head of International Affairs Desk | Moscow / Remote | Oct 2013-Jul 2025

- Led international news coverage, combining editorial leadership, research, and rapid decision-making under demanding deadlines.

LEADERSHIP & LANGUAGES

Letnyaya Shkola - Head of Media/PR | 2018-2021: Led a 40+ person volunteer media team for a nonprofit educational program serving 1,500+ participants.

Languages: Russian (native), English (C2), Spanish (B2), Mandarin Chinese (HSK 1)
